

# Phobos and Deimos

## Did you know?

Mars has **TWO** moons: Phobos and Deimos. These moons are too small to eclipse the Sun from Mars.

## CHOOSE YOUR ASTRONOMIC PACKAGE:

### Curiosity Package

Explore the Colony of Olympus for 7 Sol, discovering life on Mars through the historical Aerospace Travel Museum, Art Galleries and the Anti-Gravity Park!

Take a space shuttle to the Colony of New Syria for another 7 Sol where you can pursue knowledge at the Humanity Museum, excitement at the New Syria Mall and peace at the Marvin Memorial Gardens.

Starting at per person **\$1,599**

### Perseverance Package

Traverse Mars like a local! Start your journey with 4 Sol in Olympus, including Cometpass tickets to the Anti-Grav Park.

Pack your swim suit for 5 Sol of great weather and water in Hellas Lake! Tour the Hellas Bay Aquarium during the day and try local cuisine at the Neptune Market at night!

Finish your journey with an amazing 5 Sol in Areopoli, the Festival City! Spend a Sol in the botanical gardens mini-city and celebrate your journey with the Weekly Ares Festival!

Starting at per person **\$2,399**
